

IMPACT PRO

6955

The Impact pro Glove is designed for anti-riot and tactical operations, providing exceptional protection, durability, and comfort for professional in high-risk environments. Made from premium cow leather, the palm and fingers offer superior abrasion resistance while suede leather reinforcement enhances grip and longevity. To ensure impact protection the glove is equipped with 7mm rubber padding strategically placed over the knuckles, fingers, and cuff, effectively absorbing shocks and reducing injury risks during comfortable use. The hook and loop closure at the wrist secures a snug, adjustable fit, preventing slippage during intense use. With its rugged construction and ergonomic design, the shock safe Glove is the ultimate choice for law enforcement, riot control units, and tactical professionals who require reliable hand protection in extreme situation.

Technologies & Martials:

-  Glove is padded on various places which can resist with maximum amount of impact that protect Carpal Bones of Hand Skeleton. We offer modification to our clients in every design.
-  Glove is made with heat hide which is fire retardant leather in accordance to EN659 standards and has enhanced grip properties for better performance in real time.
-  For firearm professionals this Glove's design and fitting is crafted with precise measures that makes it very practical for rifle and gun shooting.
-  The material used in this gloves provide exceptional dexterity, making it practical for handling or lifting up slim objects like a pen or opening handcuffs and key.
-  Tested with K9 professionals this glove can handle tougher breeds without causing tear or injuries.
-  The glove's palm is reinforced for enhanced abrasion resistance, allowing it to endure multiple activities that involve frequent rubbing against the surface. This reinforcement helps protect the primary layer of the palm from damage, ensuring durability and longevity.
