Introducing the Puncture Pro by Alpinebear, a groundbreaking innovation in protective glove technology. After years of research, this revolutionary glove offers unparalleled hypodermic needle puncture resistance while providing exceptional grip and comfort. The Puncture Pro boasts durable synthetic leather palms with silicon printing for enhanced grip, touchscreen technology in the index and thumb for convenience, and flexible knit materials at the back for a comfortable fit. Additionally, the palm is lined with two layers of special cut-resistance and puncture-resistance flexible mesh, and feature a Modacrylic cuff to prevent dirt ingress. Experience the next level of protection and tactility with the Puncture Pro.

### Technologies & Martials:

-  Engineered to act as a second skin of your hand while maintaining all leading properties which don't compromise over mechanical hazards while living in a feather weight body.
-  Glove is made with heat hide which is fire retardant leather in accordance to EN659 standards and has enhanced grip properties for better performance in real time.
-  For firearm professionals this Glove's design and fitting is crafted with precise measures that makes it very practical for rifle and gun shooting.
-  The material used in this gloves provide exceptional dexterity, making it practical for handling or lifting up slim objects like a pen or opening handcuffs and key.
-  DuPont Kevlar used in finger tip which protect against spooky objects like needles which don't penetrate and puncture the glove in accordance to EN388 Standard.
-  This glove features touchscreen compatibility, allowing users to operate their cellphones without removing the gloves.
-  The Outer shell is made with soft-shell fabric, which is breathable, waterproof and practically comfortable in various number of weathers.
