

THE K9

7030

The K9 glove is designed for optimal dexterity, flexibility, and protection, making it ideal for handling and training application. Its palm and fingers are reinforced with TPR (Thermoplastic Rubber) for enhanced abrasion resistance and durability. The palm is crafted from high-quality synthetic leather, ensuring a secure grip and abrasion resistance while the back is made of breathable spandex, providing a lightweight and comfortable fit. This combination of materials offers a precise fit, superior flexibility, and excellent tactile sensitivity, making it suitable for professional K9 handlers and tactical operations.

Technologies & Materials:

-  Quick-Quiet Fastening method is used in this glove which is the most convenient way to wear a Glove without producing extra noise with more reliable fastening..
-  Four directions stretch fabric that gives a very comfortable fit through day with enhanced level of breathability..
-  For firearm professionals this Glove's design and fitting is crafted with precise measures that makes it very practical for rifle and gun shooting.
-  The material used in this gloves provide exceptional dexterity, making it practical for handling or lifting up slim objects like a pen or opening handcuffs and key.
-  Our specially developed synthetic leather is highly abrasion-resistant and durable, designed to withstand tough surfaces and last longer..
-  This glove features touchscreen compatibility, allowing users to operate their cellphones without removing the gloves.
-  The glove's palm is reinforced for enhanced abrasion resistance, allowing it to endure multiple activities that involve frequent rubbing against the surface. This reinforcement helps protect the primary layer of the palm from damage, ensuring durability and longevity.
-  Impact protection with industry Leading TPR inject technology on the palm.
-  Tested with K9 professionals this glove can handle tougher breeds without causing tear or injuries.
