The ALPINE-TECH Duty Glove is a high performance tactical glove designed for law enforcement, military and security personnel who require superior protection and dexterity. Made from premium-grade goatskin leather, the glove offer exceptional durability, flexibility, and abrasion resistance, ensuring long-lasting performance in demanding environments. The interior features an HPPE (High Performance Polyethylene) liner, providing enhanced cut resistance to safeguard against sharp objects, meeting EN 388:2016 standards. Designed for precision and comfort, the glove offers a snug fit with reinforced stitching, ensuring durability during intense use. The textured palm enhance grip in both dry and wet conditions, while touchscreen-compatible fingertips allow seamless device operation. Its breathable design and moisture-wicking properties keep hand dry, ensuring comfort throughout prolonged wear. Weather for law enforcement, security, search and rescue, or industrial application, the ALPINE-TECH Duty Glove delivers optimal protection without compromising dexterity, making it's a reliable choice for professionals.

Technologies & Martials:

-  Glove is made with Heat-Hide which is fire retardant leather in accordance to EN659 standards and has enhanced grip properties for better performance in real time.
-  This Glove provide a cut protection on the palm side during any mechanical or tactical hazard and in accordance to EN388 cut protection level is E.
-  For firearm professionals this Glove's design and fitting is crafted with precise measures that makes it very practical for rifle and gun shooting.
-  The material used in this gloves provide exceptional dexterity, making it practical for handling or lifting up slim objects like a pen or opening handcuffs and key.
